

## Desperate Coughs

Dangerous coughs. Extremely perilous coughs. Coughs that rasp and tear the throat and lungs. Coughs that shake the whole body. You need a regular medicine, a doctor's medicine, for such a cough. Ask your doctor about Ayer's Cherry Pectoral.

**Ayer's**

Any good doctor will tell you that a medicine like Ayer's Cherry Pectoral can do its best work if the bowels are constipated. Ask your doctor if he knows anything better than Ayer's Pills for correcting this sluggishness of the liver.

A boy with gentlemanly manners, who is trustworthy and honest and does his very best every day, will gain the attention and confidence of men and will be given paying and responsible positions as soon as he is old enough to fill them. Boys like to have fun and a good time, it is right they should. They will never be boys but once, but to have fun is not altogether what they are made for. Boys are of value chiefly to make men, good for something in the world. Character, like a house, must have the right kind of a foundation. The foundation stones of good character are reverence for God, respect and obedience to parents, deference for old people.—Exchange.

## Deafness Can't Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running ear or a perfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

## KAISER WILLIAM IS CRITICISED

## HOT DEBATE IN REICHSTAG.

The Emperor's Court, His Ministers and His Treatment of the Constitution Come in for Most Caustic Condemnation.

Berlin, Nov. 11.—Emperor William never has been so severely judged by his parliament as he was Tuesday during the debate in the reichstag on the interpellations concerning the conversations published with the permission of the emperor in the London Daily Telegraph on October 28. The criticisms of his majesty's court, his ministers and his majesty's treatment of the constitution, as well as of his freedom of speech went to lengths that astonished observers acquainted with the traditional caution of the emperor in dealing with the personality of the sovereign. And the emperor seemed to have no defenders.

Chancellor Von Buelow made an address lasting 15 minutes, but he lacked his usual spirit and a person high in his confidence is authority for the statement that he also had told the emperor that neither himself nor his successors could remain in office unless his majesty was more reserved. Prince Von Buelow spoke solemnly and without making use of any dramatic effects. The house received his explanation in icy silence instead of giving it that cordial applause which as a general thing follows the chancellor's parliamentary declarations.

The Conservatives, representing largely the landed nobility, were almost as relentless as the Socialists, the Radicals and the National-Liberals; and the proceedings are regarded by the extreme Liberals as the beginning of a long contest between the crown and parliament that may end in Germany having a ministry responsible to parliament and not to the crown alone.

It isn't so difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the heart and kidneys. The old fashioned way of dosing the stomach or stimulating the heart or kidneys is surely wrong! Dr. Shoop first pointed out this error. "Go to the weak or ailing nerve of these organs," said he. Each inside organ has its controlling or "inside nerve." When these nerves fail then these organs must surely fail. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. A few days test will surely tell! Sold by P. A. Morris, Canfield.

## Thousands Have Kidney

## Trouble and Never Suspect It.

Prevalence of Kidney Disease. Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common of all diseases that prevail, they are almost the last recognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or had effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y.
